Safety Rental Advisor

The Safety Rental Advisor program is designed for clients who don't have the resources to hire a full-time safety professional to develop their safety management system or who are looking for development support for specific areas of their safety program. SASM's SRA service offers firms safety advisor/development assistance on a per day or contract basis determined by your organization's short and long-term needs. A number of firms have achieved significant returns on their SRA investment through accelerated safety improvements that netted WCB discounts.

SASM Safety Rental Advisors are not allowed to manage specific WCB claims and there must be at least a 6-month period from the last date the Safety Rental Advisor worked for your firm and a SASM audit.
